## **9. New Business**

### **9.1 Fiscal Year 2019-2020 Single Audit Findings**

The Fiscal Year 2019-2020 Single Audit was recently accepted by the Federal Clearinghouse. All the findings were legitimate as UPTD Staff were unable to run through QuickBooks and all items were not separated at the gate, but the District was able to hire the Finance Manager and put into place the Finance Policies. The process took longer than anticipated due to FY 20 auditor retiring and replacement auditor getting caught up to speed with the ins and outs of transit grants and funding. All corrections listed in corrective action plan have already been put into place by hiring the Finance Manager and implementing Finance Policies.

Brief Board discussion regarding the status of Fiscal Year 2020-2021 audit. Financial Manager Sheri Bleau confirmed that all requests from auditor for documentation have been submitted at this time.

## **9.2 Downtown Shelters – Partnership with Umpqua Valley Arts and Thrive Umpqua for Shelter Wrap Contest.**

UPTD has partnered with Umpqua Valley Arts and Thrive Umpqua in a collaboration for young graphic designers to submit graphic design projects through the month of August for consideration to be featured on one of three bus shelters in the downtown Roseburg area in honor of the city's sesquicentennial (150th birthday).

Board discussion noting that it would be fun and interesting to see other towns to start doing too. Would like to see rural towns involved in type of projects as well, may be probable with Transit Master Plan implementation and potential addition of bus stops. Project Leadership would be interesting project to implement as an involvement with this type of thing, Sarah Thompson will reach out to Cheryl.

## **9.3. Policy Updates**

### **9.3.1 UPTD Accident and Incident Response Policy and Procedure**

Policy and procedure revised and updated to reflect UTPD instead of UTrans and includes all UPTD employees and UTPD facilities. Policy was always something that was used but was not previously presented to the Board and it was brought to light as not updated during an incident that was not responded to appropriately.

### **9.3.2 Police Powers**

Ron Sperry, UPTD representing attorney, clarified that the full title of the Ordinance for Police Powers would need to be republished with the Agenda with the updates and the amendments needed to reflect the District's name change throughout the Ordinance, the Ordinance number, and adding the revision date.

### **9.3.3 Resolution 22-4: Updating Registered Agent Office Address**

**MOTION:** Mike Baker moved to approve Resolution 22-4: Updating Registered Agent Office Address. Seconded by Kat Stone. No further Discussion. Vote: 4 – Yay. 0 – Nay. 0 – Abstain. 2 – Absent.

## **10. General Manager Report – Cheryl Cheas**

- Attended Global Mass transit State of Good Repair Conference in San Francisco.
- Met with Transit Technologies, Passio, and Ride with Via as search for fix route and demand response software; have found that some data is not available in format needed based on type of ride driver provides, current software doesn't track mileage by type of ride but by vehicle instead; needing each department to work in unison.
- Transit Master Plan process completed.
- HVAC would have to do an RFQ on that but without the HVAC inspection would have had a fire and that was a grim reminder that that's why we have inspections.
- Commercial date to be released soon.

## **11. ODOT Update – Jennifer Boardman**

- New grant process requiring letter of intent due in October with Grant due in November.

- There is approximately \$600,000 available for planning as well as monies for emergency fundings such as the LoNo Grant or the Marketing plan that UPTD recently obtained for the biennium.
- Funding for 5311 may be increasing, still not known for sure.
- NTD is coming up.
- Quarterly Reports coming up.
- Lost a couple of RTCs, Jennifer is currently working additional regions.

#### **12. Not on Agenda**

- 5339 Capital Project Grant for the Property next door, ODOT sent over the Agreement for review and signature and legal counsel. Ron Sperry reviewed the document in detail and had a couple of comments and addressed them previously with Cheryl Cheas and wanted to maintain that the Board of Directors understood the District's obligations with executing the grant agreement. Board consensus that intention is to sign the agreement with ODOT to execute the 5339 Capital Project Grant Agreement.

#### **13. Public Comment**

No Public Comment.
